

GH Armor has moved to an a la carte ordering system. Missing information on purchase orders delays order entry and shipments. Please utilize the following steps and gather the necessary information for a clean order. Please submit completed purchase orders to customerservice@gharmor.com.

SOFT ARMOR

Step 1: What type of protection? Ballistic (handgun) or Spike (stab)?

Step 2: What level armor? IIIA or II?

*if the customer is unsure what level of protection they need it is advisable to protect against their duty round.

Step 3: What series of armor?

Ethos - Premium (thinnest, lightest)
HeliX - Performance (thin, light)
LiteX - Workhorse (mix of price and wearability)
ProX - Economy (thicker but cheaper)

Step 4: What type of carrier? Concealable or External? The Low Profile Concealable Carriers is the default concealable carrier. There are 17+ external carrier options. Do they need a legacy shape?

*Legacy carriers are available for GH Armor soft armor panels manufactured in 2018 or before

Step 5: What color carrier?

Step 6: What size? Customer can choose a standard size or complete a sizing form for a custom size.

Step 7: Do they require a Soft Trauma Pad? 5x8" or 8x10"?

Step 8: Do they require an ID placard? External Carriers utilize size 3x10 IDs. Name tapes of varying sizes are also available. What should the ID say? What color lettering? (ex: SHERIFF in Gold lettering)

Step 9: Are they interested in other add-ons? MOLLE Pouches? Special Threat Plates for added protection? Vest carry bag? Extra strap kit for concealable carriers?

Once all product specifications are gathered, ensure all other order information is accurate.
